HEROIC GENERAL JOUBERT'S DEATH.

To His Military Ginius Is Credited the Superb War Preparations Which John Bull Encountered In South Africa.

Pretoria, March 28.-General Jon-. bert died Tuesday at 11:30 p. m. He had been suffering from a stomach complaint. The town is plunged into mourning for the true patriot, gallant general and upright and honorable gentleman.

Pretoria, March 28.-General Joubert is confined to his bed and is seriously ill. Later-General Joubert is

General Pietrus Jacobus Joubert, commandant general of the Transvaal forces, better known as Piet Joubert or "Slien Piet" (Slim Peter), was born about 68 years ago. He was descended from an old French Huegnot family which settled in South Africa many years ago. He was born in Cape Colony, but was taken by his parents when 7 years old to the Orange Free state, where he was taught from early childhood to shoot straight and hate

He is described as having been utterly fearless. Of schooling, he had but little, and he never saw a newspaper until he was 19 years old. In

spite of this, his ambition prompted him to read the few books he could obtain, and he succeeded in obtaining a fair knowledge of history and lan-

In consequence of the acquisition of Natal he setlled in the Transvaal. Soon afterwards he became a burgher of the South African republic and a daring fighter. It was claimed in his behalf that he could lead a body of men more successfully against hostile natives than any other man in the Transvaal. He came to be so feared by the natives that the knowledge that he was at the head of a punititive expedition usually resulted in their sur-

It was during these wars with the natives that Joubert became acquainted with Paul Kruger, and the two men became bosom friends. He was elected vice president of the Transvaal in 1896, defeated Sir George Colley at Majuba Hill in 1881, and acted as president of the republic in 1883 during Kruger's absence in Europe. General Joubert was always in favor of the use of force instead of diplomacy and President Kruger on several occasions had great difficulty in re pressing his hot-headed colleague, notably in 1879, when Joubert, with Kruger and Pretorius was planning the rebellion to overthrow British rule in the Transvaal. The result was Majuba Hill and the practical independence of the Transvaal.

Organized the Boer Army.

It was Joubert who organized the army of the South African republic, later on dividing the country into 17 military departments and each of these departments into smaller divisions with commandants, field, cornets and lieutenants of various ranks in

According to the general's plans every man became a trained soldier without leaving his farm and had his equipment ready at hand. To such a point of perfection was the system carried that within 48 hours after the present war was declared the Boer na-

tion was under arms. It was also due to General Joubert that the South African republics succeeded in amassing the immense stores

of war munitions and provisions which

When the Jameson raiders were locked up in Pretoria jail, Joubert was strongly in favor of their immediate Bad Feeling Exhibited During Couer execution. It was not until Joubert and Kruger had been closeted to ether for a whole night that the more merciful counsels of Kruger prevailed.

In spite of these characteristics, Joubert, on some occasions, showed considerable segard for the usages of civilization. When the Boers raided British territory, Bechuanaland in 1884, Joubert was probably the only prominent Boer who refused to support the movement, and his opposition resulted in the withdrawal of the Boers from the territory.

NORMAL SCHOOL BILL

is Defeated For Second Time In the House-Senate Doings.

Columbus, O., March 28.-By a vote of 50 to 37 the house gave the Seese normal school bill its second defeat. This was the substitute providing for only one school.

A bill by Mr. Comings of Lorain to make general for municipalities, townthips and school districts a depository law which now, by special legislation, applies to a few counties, was defeated. Yeas 36, nays 43.

The house passed Senator Roudebush's bill to enable municipalities to appropriate property outside of the corporate limits for electric light as well as water works. It is intended to apply immediately to Batavia.

The house committee on public ways has agreed to report favorably Senator Dodge's date road commission bill.

Senator Archer's resolution for final adjournment April 2, as adopted by the senate early in the session, was reported to the house by the finance committee amended to fix the date of adjournment at April 16, which was adopted by the house by a vote of 58 yeas to 23 nays.

In the Senate.

The senate passed Senator Hanna's state fire marshal bill. The bill provides for the appointment of a state fire marshal, and two deputies, the chief to receive \$3,000, the first deputy \$2,000 and the second \$1,500. The governor to appoint the chief marshal and he is to select his deputies.

For the first time at this session there was not a single response when the introduction of bills was an-

When the centennial million dollar appropriation bill came in, Senator Dunham moved that it be made a special order for next Wednesday at 10 a. m. The motion prevailed.

The senate passed the Croft house bill, authorizing the state board of agriculture to issue \$120,000 in bonds at 5 per cent. interest, to erect new buildings and repair old ones on the state fair grounds.

Under suspension of rules, Senator Hanna's bill making it explicit that none of the laws passed affecting the remuneration of county officers shall apply to officials now serving, was passed.

Representative Heywood's bill providing for a special levy to raise money to erect two buildings-law and physics--on the State university grounds was passed in the senate and is now a law.

Milner at Bloemfontein.

London, March 28 .- The British high commissioner, Sir Alfred Milner, arrived at Bloemfontein and was met by Lord Roberts and his staff. According to a dispatch from Bloemfontein, published in the Times, the high commissioner's visit is of a private nature. It is thought this can scarcely be anything but an official subterfuge, the question of the pacification of the Free state and the treatment of the insurgents doubtless being discussed between Lord Roberts and Sir Alfred Milner. According to the same dispatch General French, previous to returning to Bloemfontein, occupied the flour mills near Batter, which are considered an important acquisition. General Clement's column entered Fauresmith Tuesday, March 27, having previously occupied Jagersfontein. Magis trates were appointed, the proclamaticn was read, bands of music met the troops and flags were flown. The scenes resembled the American occu pation of Porto Rican towns. Among the spectators at Fauresmith was President Steyn's daughter.

Disastrous Fires.

Baltimore, March 28 .- Two disas trous fires involving a loss of over \$200,000 visited Baltimore. The first was in the clothing establishment of Likes, Berwnger & Co. The building was gutted. The loss is estimated at \$160,000, covered by insurance. The second fire destroyed the building occupied by Diggs, Currin & Co., shoe dealers, and the Heiser Shoe Manufacturing company. The total loss is \$55,000, covered by insurance.

PITCHING-OUT-OF-WINDOW THREATS.

Congressman Lentz Scores An Attorney Who Interrupts and There ls Bellicose Talk Ali Along the Line.

Washington, March 28 .- During the fifth day of Govenor Steunenberg's testimony in the Couer d' Alene investigation Representative Lentz continued the cross questioning.

The governor said he had been in the Couer d' Alene region during two days in February, before coming here. There were three state deputies on duty at that time and Dr. France, who has been in the service of state continuously throughout the trouble. On one of his previous visits, he talked with Stimson, one of the imprisoned men. He had been told by Dr. France that there was evidence connecting Stimson with the conspiracy; that on April 15, prior to the blowing of the mill, Stimson had told a certain individiual to get out of Wardner as there was going to be trouble.

He had made no statement as to how long the permit system to which the mine owners were opposed, would continue, but he said he intended to enforce it as long as it seemed neces. sary to insure order. Mr. Lentz asked if this meant that the governor would do as he pleased on the subject to which the witness replied that he would do as his judgment dictated. If the permit system had resulted in a loss to the miners of half a million dollars as Mr. Lentz stated, the gov ernor said he did not care for that, as it was a necessary recourse by the state. "Like Louis XIV, you are the state," remarked Mr. Lentz.

Mr. Lentz's allusion to Louis XIV caused a prolonged discussion. A sensational episode occurred at

this point. Representative Lentz asserted that some of the state deputies were living with disreputable women. Mr. Cheney, the attorney appearing in behalf of the state of Idaho, interposed a protest, and said:

I hurl back at you that statement The deputies are reputable men."

Mr. Lentz indignantly resented the interference of private counsel, and, addressing the attorney, said: "You ought to be kicked out of the windew, and you would be, if you had not the majority of these committee behind you."

When Mr. Lentz attempted to read from previous testimony concerning the improper conduct of deputies. Chairman Hull overruled this course. This further nettled Mr. Lentz, and, addressing Mr. Hull, he exclaimed: "I want to say in your teeth that if you are a party to protecting this attorney in a lie, you are a party to it." Amid much confusion, Chairman Hull declared that Mr. Lentz had insulted the committee and its members as far as he could and it would have to stop.

Representative Hay of Virginia arose to say that the attorney had better not give the lie to him and Representative Cox of Tennessee added: "If any man insults me, I'll hit him."

Mr. Lentz asked the chairman why he did not call the attorney to order. "He was out of order, entirely out of order," replied Mr. Hull emphatically. Mr. Cox said that when the attorney accused a member of the committee of falsehood, he forfeited his right to

appear. "If he says that to me," add-

ed Mr. Cox, "either he or I go out out

of the window." Representative Jett of Illinois said that as a means of protecting the com. mittee he would move that the attorney be expelled from the committee room. Many members were on their feet trying to secure recognition when the rations would be still further re-Mr. Jett made his motion. Before taking action the committee gave Mr. Cheney an opportunity to be heard. He acknowledged he did not intend to say that Mr. Lentz had told a falsehood, but simply to deny the state-

SECRETARY HAY

Potifies Committee That Two Letters

Were Opened by British Censor. Washington, March 28 .- Charles E. Macrum of East Liverpool, O., the American ex-consul at Pretoria, appeared before the house foreign affairs committee and told of the alleged indignities he suffered at the hands of the British during his incumbency.

In opening, Mr. Macrum recalled the statement he had made to the prace. The statement, he said, practically imbodies all he had to say.

Pressed for specific information as to how he got the intimation that the British were opening and delaying his mail, he related incidents about the delay in receiving his mail. The first actual evidence he had was the receipt of the two opened letters. He produced the envelopes which he said con tained those letters. One was from a private citizen addressed to the United States consul at Pretoria and the other was to him by name from Consul Stowe at Capetown. He explained why he did not report the matter to the state department at Washington upon his arrival.

After hearing Mr. Macrum the committee went into executive session. Chairman Hitt presented a retter from Secretary Hay giving in detail the department's views of the subject and this was subsequently made public. The committee took no action as to making a report and it was stated by members that there was nothing to be done beyond taking the testimony.

Secretary Hay's letter to Mr. Hitt, dated March 24, giving the official view of the case, is in part as follows:

"Sir-In response to your inquiries of this morning, I have the honor to report that up to this date, Mr. Macrum, late consul of the United States at Pretoria, has made no representations to this department in regard to the opening of his mail by the British authorities.

"Although without any information except the allegations of Mr. Macrum to which a reference was made in a resolution of the house of representatives, making certain inquiries of this department, I mentioned the matter ans holding those offices and not to to the British ambassador, who made inquiry in regard to it of the British government and was informed in return that the British government was not aware of any such incident having taken place, but if anything of the sort had occurred, it was contrary to the

instructions of that government. "I received no further information in regard to the matter until the 21st of this month when this government was informed by a dispatch from Mr. J. G. Stowe, consul general of the United States at Capetown that: 'Two letters from this consulate, one to Pretoria and one to Lorenzo Marques were opened by the censor at Durban. Upon notice of this I called upon the high commissioner, who wired Durban, and a very satisfactory apology was returned." This is all the information possessed by this department in regard to the incident.

The letter also contains a lengthy statement of the efforts at mediation prior to the outbreak of hostilities.

About Mafeking.

London, March 28 .-- Further advices from Mafeking, dated March 16, reiterate that all was well there and that the cordon was not so tightly drawn, the Boers allowing natives to pass through their lines, which they had previously forbidden. The native refugees are reported to be too stupid and lazy to work or take cover from the shells. They gather in crowds around the soup kitchens and have to be driven away when the warning bell rings. The bombardment just previous to the dispatch being sent, had been unusually vigorous and it was added that it was probable that before long duced.

Bad Debts.

Indianapolis, Ind., March 28 .- A receiver was appointed to take charge of the affairs of William Bushmann & Co., one of the oldest grocery firms in the city. Bad debts are said to be responsible for the failure. The liabilities are given at \$42,000 and will be met dollar for dollar.

Kentucky Leaders Who Are of the Same Political Persuasion as the Chie? Executive Gain His Support.

Frankfort, Ky., March 28 .- There are no new developments in connection with the suspects held on the charge of being accessory to the murder of the late Governor Goebel.

Henry Youtsey, the young man who was recently arrested, is still confined in jail, and will probably be given an examining trial this week. Though the prosecution claims to have some strong evidence against him, the nature of it is not disclosed and instead of making a confession, as it was reported, he has admitted that he has told nothing and stoutly maintains that he had no knowledge of the assassination except such as the public generally knew, and that he has from the first stood ready to tell about everything he saw around the executive building the day of the shooting. The friends of Culton deny that the statements which he made to the attorneys for the prosecution are as incriminat. ing and as full of details as they have been made to appear.

Captain John Davis, one of the alleged accessories to the murder of Governor Goebel, whom the attorneys agreed to release on a bond of \$5,000, is still in jail, no one having appeared to execute a new bond.

Republicans Recognized.

Washington, March 28 .- The president has informed Kentucky Republicans that while he cannot interfere in Kentucky affairs to the extent of disarming the militia of either faction. he is willing, so far as he can legitimately do so, to recognize the Republican officials of that state as the de facto officials. He told them in the same connection that he would give directions that mail addressed to an official by title only, as to "the governor" or "the secretary of state" should be delivered to the Republic-

Made a Good Record.

Washington, March 28 .- The war department has made public the report of Colonel George S. Anderson of the Thirtyeighth infantry upon the part played by that organization in the last campaign in Cavite province, Luzon, towards the end of January of the present year. Colonel Anderson was under orders to proceed from Peres das Marinas to Tallsay with a view to intercepting the Tagals, who had been recently defeated in a fight near Santo Tomas by the troops under Colonel Bullard. The Thirtyeighth started off promptly on January 10, and were out for three days in a campaign through field and brush, and under fire for a new and untried regiment, the record was most creditable.

Policemen Shot.

Birmingham, Ala., March 23 .-- Policeman George W. Kirkley and J. H. Adams were shot and seriously injured within a block of the police station here by two white men supposed to be safe crackers. The men were suspected of theft and were being taken to the station house for examination in regard to the burglary of a safe in the office of the Standard Oil company. When the corner of Third avenue and Twentieth street was reached both prisoners drew revolvers and fired. Policeman Kirkley was shot in the abdomen and Adams was struck in the shoulder. The men then ran down the street and escaped. The officers returned the fire without evident effect.

British Forced to Retreat.

London, March 28 .- A small British force that entered Ladybrand was forced to retreat hurriedly before a larger number of Boers who may have been part of Olivier's command. Firing has been heard at Modder Pont, which would seem to be near Modderpoort to the southwest of Clocolan. Possibly the Boer rear guard has been engaged there. There have been cavalry skirmishes at Lord Roberts' out. posts in the Free state and General Buller's in Natal. General Buller reports that the Boers tried unsuccessfully to trap some men of the Thirteenth Hussars.

Washington, March 28 .- The secretary of the treasury has accepted the proposition of the owners of a tract of land on the northeast corner of North Market and Avenue A, Oskaloosa, Ia., for a site for a public building. The price was \$6600.

Mr. Cooper took the initiative for the negative and showed a marked improvement in his delivery which if continued will land him in an executive chair. Mr. Turnipseed took the floor and showed try and the development of our natural resources was due to the application of machinery. In all, his speech was the best of this season. Mr. Daily certainly proved to be "a warm member;" he had his artillery in such a shape that in the mind of the Judges he made the argument of the opposition a missing link between the meaning of the subject and what they had to say.

THE SOCIETY MINSTRELS.

The Entertainment Last Night Proved a Very Enjoyable One Throughout.

A large audience witnessed the performance of the Society Minstrels last night, Aiden Benedict's Scenic Triumph testifying by their generous applause the appreciation with which the Maysville public never fails to greet good home talent.

Mr. Slattery, as interlocutor, could hardly be improved upon. Mr. Steve Vaught was a typical minstrel end man and was unanimously voted the star of the evening, manifesting much talent in this line. Mr. Newell, in his new ragtime song, "My Money Never Gives Out," caught the favor of the audience. Miss Nettie Newell delivered a stump speech on Woman's Rights which was very clever indeed and was frequently applauded. It was one of the best features of the program.

Last night celebrated the tenth anniversary of a few of the jokes while many others made their debut into the theatrical world.

Miss Florence Wadsworth made her first appearance before a Maysville audience since her advanced studies in Cincinnati; her voice of pure soprano was beautiful and clear.

The surprise of the evening was the singing of Master Pickett Chunn. It was his first public appearance. His voice is remarkably sweet and clear, and and for one of his age he has fine control. He was enthusiastically applauded.

All the musical numbers of the program were enjoyed. Prof. Hoge, the champion club swinger

of Virginia, gave an exhibition of artistic club swinging, and received much applause. The cake walk was led by Mr. Gordon

Sulser, the cake being awarded by the vote of the audience to Mrs. Tom Russell and Mr. Andrew M. January. The original and spontaneous wit and

the sparkling dialogues of Messrs. Pollitt and Sulser demonstrated the wise selection made in the choice of the premier

Mr. January, in accepting the cake, responded with a speech overflowing with wit and repartee.

One of the most enjoyable features of the evening was the shadowgraphs, which produced many laughs.

Much credit is due Mrs. White and Mr. January for their untiring effort to make this entertainment a success.

Old Age.

Old age as it comes in the orderly process of Nature is a beautiful and majestic thing. The Nannie Hise, of the Sixth ward, spent very shadow of eclipse which threatens it makes it the more prized. It stands for experience, knowledge, wisdom and counsel. That is old age as it should be. But old age as it so often is means nothing but a second childhood of mind and body. What makes the difference? Very largely the care of the stomach. In youth and the full strength of manhood it doesn't seem to matter how we treat the stomach. We the honors in the Courier-Journal con- abuse it, overwork it, injure it. We don't suffer from it much. But when age comes the stomach is worn out. It can't prepare and distribute the needed nourishment to the body, and the body, unnourished, fells into senile decay.
